// EXECUTIVE OVERVIEW

4WAYS GROUP

Established in 2018, 4Ways Group delivers an integrated ecosystem designed to build, power and protect vital national assets.

Backed by a leadership team with extensive technical project execution experience, our operations are tailored to meet the strict regulatory and operational demands of South African municipalities, mining houses, and national critical infrastructure — combining heavy civil engineering with state-of-the-art physical surveillance and enterprise cybersecurity to ensure complete operational resilience.

// GROUP ADVANTAGES

WHY 4WAYS

A**Buffer Inventory Management**

Dedicated stockpiles of fast-moving technical and security components held in our stores — accelerating handover and enabling immediate on-site swap-outs for in-warranty faults.

B**National Logistical Footprint**

A comprehensive transport and delivery framework that moves heavy equipment, infrastructure assets and security hardware anywhere in South Africa. Free transit available on major project items (T&Cs apply).

C**Industrial After-Sales Engineering**

On-site technical training transfers critical skills to municipal, site and security operators. In-warranty diagnostics, technical faults and component repairs handled by our engineers at no charge.

// FIVE PILLARS

CORE PILLARS OF EXPERTISE

01

BULK WATER INFRASTRUCTURE

Hydro-engineering for municipal and deep-mining operations, plus workplace hydration solutions.

- + Reservoir & water shop architecture
- + Borehole siting & hydro-drilling
- + Multi-stage purification plants
- + 500ml – 20L commercial supply logistics
- + Water dispensing coolers for offices & sites

02

INDUSTRIAL SOLAR & POWER BACKUP

Islanded energy assets insulating facilities from grid instability.

- + Turnkey solar PV field deployments
- + Utility-scale UPS & pure sine inverters
- + Hybrid solar / BESS / diesel runtime
- + SCADA-grade telemetry monitoring

03

YELLOW PLANT & HEAVY MACHINERY

Mine-vetted plant for rapid site preparation and mass excavation.

- + Excavators, TLBs, front-end loaders, tippers
- + Earthmoving & foundational clearing
- + Short- and long-term fleet provisioning
- + CapEx-aligned SCM fleet models

04

INTEGRATED SECURITY, GUARDING & CYBER

Armed response, manned guarding and cyber defence — protecting people, campuses and critical infrastructure.

- + 24/7 armed response & rapid reaction units
- + Campus, estate & corporate site guarding
- + VIP & close protection for executives and events (on request)
- + Event security, access control & crowd management
- + Industrial CCTV, thermal surveillance & control-room monitoring
- + OT / SCADA cyber defence, enterprise firewalls & DLP
- + Endpoint protection & disaster recovery

Armed response & rapid reaction

VIP close-protection & event security

05

ON-SITE OFFICES & ICT CONNECTIVITY

Turnkey container offices and IT services — delivered by our in-house engineering team.

- + Container & modular site office fit-out
- + Fibre, VSAT, LTE & Wi-Fi connectivity
- + Boardroom AV, video conferencing & telephony
- + IT support, hardware supply (HP, Dell, Lenovo, Cisco)
- + Cloud, backup & disaster recovery services

// SUPPLY & SERVICES

CONSUMABLES & HOSPITALITY

06

CATERING & HOSPITALITY SERVICES

- + Venue catering for small and large events
- + Joint-venture hospitality partnerships
- + Menu planning, staffing & service logistics
- + Corporate, institutional & mining-camp catering

07

INDUSTRIAL PPE SUPPLY

- + Safety footwear, head, eye & hearing protection
- + Coveralls, high-visibility apparel & gloves
- + Respiratory, fall-arrest & site-safety equipment
- + Sourcing for mining, construction, manufacturing & healthcare

08

CLEANING CHEMICALS & CONSUMABLES

- + Industrial & commercial cleaning chemicals
- + Toilet paper, paper towels & hand hygiene consumables
- + Mopping systems, refuse bags & janitorial supplies
- + Scheduled restocking for offices, sites & facilities

35 - 12th Avenue 139 - 10th Street
Linkfield Johannesburg 2090

// ICT PORTFOLIO

ICT PRODUCTS & SERVICES

01

COMPUTING & ENDPOINTS

- + Desktops, laptops & workstations
- + Mobile devices & tablets
- + Printing, scanning & accessories
- + Storage devices & peripherals

02

SOFTWARE & LICENSING

- + Endpoint protection & antivirus
- + Backup & disaster recovery suites
- + Virtualisation & hypervisors
- + Graphic & productivity suites

03

NETWORK INFRASTRUCTURE

- + Wired & wireless networks
- + Data centres, servers & NAS
- + Hybrid cloud environments
- + VoIP & telephony systems

04

CYBER SECURITY

- + Enterprise firewalls
- + Endpoint & network security
- + Data loss prevention (DLP)
- + Email & identity security

35 - 12th Avenue 139 - 10th Street
Linkfield Johannesburg 2090

The4waysgroup@gmail.com

05

CLOUD SERVICES

- + Hybrid, IaaS, PaaS & SaaS
- + Hosted cloud & migrations
- + Cloud backup & DR
- + Microsoft 365 & collaboration

06

CONNECTIVITY & AV

- + Fibre, LTE & VSAT links
- + Boardroom & video conferencing
- + Smart classroom installations
- + CCTV & access control
